SUMMARY

Aspiring Full Stack Web Developer with a strong interest in building innovative software solutions. Skilled in programming fundamentals, data structures, and algorithm optimization to develop efficient and effective solutions. Passionate about competitive programming, continuous learning, and contributing positively within collaborative team environments.

SKILLS

- Web and app development
- JavaScript frameworks
- Programming languages
- Programming fundamentals
- Software development concepts
- Data structures
- Algorithm optimization
- Problem-solving skills

EDUCATION

University of the Witwatersrand

Bachelor of Science in Computer Science

Johannesburg, Gauteng

EXPERIENCE

Full Stack Web Developer Intern

Future Interns | May 2026 – Present

- Designed and developed user-friendly website interfaces using HTML, CSS, and JavaScript to improve user engagement.

Student

A2SV | Jan 2026 – Apr 2026

- Strengthened understanding of data structures and algorithmic strategies.
 - Participated in competitive programming activities to improve coding skills.
 - Collaborated with peers to enhance problem-solving and communication skills.
-

LANGUAGES

- English
 - Sepedi
-

EXTRACARRICULAR ACTIVITES

- Participated in hackathons and online coding challenges
 - Assist fellow students with coursework and problem-solving
 - Engage in self-learning to strengthen programming and analytical skills
-
